

## DRUG ADMINISTRATIVE FORM

*Please fill out and hand into International Dairy Week Office*

This form is to be used for any animal that has had any treatments, drug or otherwise, in the 14 days prior to arriving at International Dairy Week. This form must be handed into the International Dairy Week office upon arrival at the showgrounds and then on a daily basis if any treatments have been administered. This will help to prevent confusion if the Racing Analytical Laboratory randomly selects your animal for sampling.
